##### **Protect Yourself From Identity Theft...**

PCMCU wishes to take this opportunity to assure our members that PCMCU will never initiate calls or send emails to members asking for personal member information, such as social security number, address, and credit card numbers, etc. With the recent rise in email and internet scams (phishing and spoofing scams), it is extremely important to never disclose any of your personal information over the phone or online, unless you have verified the authenticity of the individual or website. (PCMCU routinely asks for verification of members contacting the credit union. This is just one of PCMCU's security measures taken when conducting business transactions). If you have questions or concerns regarding identity theft, please feel free to contact the credit union.
