PCMCU Retirement Announcements for June 2021

Lorrie Mikulsky, a Member Service Rep in Marinette since 2016, admits she applied for the job because she thought it would be "fun" and didn't realize all that it would offer her, from finding another home and family to the genuine connections with members. Lorrie plans to work with her husband, Steve running their "Tasty Traveler" food-truck business as well as enjoying more time doing things like sitting on their dock and having coffee, sewing, or cruising on their pontoon in the late afternoon with a cooler and a bright smile. Lorrie's family knows she is always up for a detour in plans, leading to a spontaneous adventure. She said "If I take into account all of the fun times, it is the unplanned events that are often the most memorable and most cherished."

Mike McMullen, our VP of Lending since 2000, shared, "In my first interview with Dan and Cathy, I knew right away I would love it here." Over the years, Mike has been a coach not only to his children, but also to both members and staff, sharing his knowledge and promoting the values that line up perfectly for himself and PCMCU. Mike has been an instrumental part of our success and believes in the golden rule around 'How You Treat People'. He enjoys the simple things in life; morning coffee, family moments, listening to the Brewers game on his old radio in his garage and hopefully getting to a live game where he can score the stats, which he says "makes the game so much more interesting!"

Both Mike and Lorrie have worked many years in making a difference for others. They have been loved by our members and the PCM staff. We hope that in the next few months, many of you will reach out to them with your wishes!

WELCOME BACK Message from Dan Wollin, PCM President

Who would have thought when we closed our lobbies last March, that it would stay that way for a year? Your understanding and continued trust in us definitely made the difficult job of navigating through this a lot easier. Overall, we stayed calm and did a really good job of communicating between our staff, board, and membership.

That resulted in making many more good decisions than bad. We learned to do some things differently while staying healthy at the same time. Win win.

We all want the same thing; a return to normalcy. That will be our goal as we cross the finish line of beating COVID. Words cannot express our appreciation for your commitment to PCM Credit Union.

THANK YOU!

SCAMMERS NEVER STOP

Vigilance and precaution are how YOU fight back!

TAX TIME ALERT...

What to Look Out For: With it being the final weeks of tax season, we wish to stress extra caution, as scam artists are on the prowl. Please understand that Government agencies will not communicate through social media platforms, such as Facebook or text messaging, and you should never pay a fee or give out personal information to receive anything you have not requested.

What to Do: Do not share personal information via text messaging, phone calls or emails.

ROBO CALL ALERT...

What to Look Out For: Please be advised, when you receive calls from numbers you don't know; they may be spoofed numbers or robo calls, and you should **NOT** answer the call. If you answer, they will then know it is a live number, and they may continue to call you. This tip may lessen the robo calls you receive, but there is never a guarantee.

What to Do: We advise members to put their number on the Do Not Call Registry, as this is one more step you can take to better protect yourself from telemarketers. To register your phone number or to get information about the registry, visit www.donotcall.gov, or call **1-888-382-1222** from the phone number you want to register. Although this may not ward off all robo calls, if we remain mindful and aware of the latest scams, it will be helpful in protecting ourselves against fraud.

Keep Up to Date...

SMART START - Watch for Details this May on How to Set Off on the Right Financial Foot!

Starting your financial journey in earnest can be disorienting. That's why PCM has created a program to guide our younger members to a **SMART START** on their finances as they grow and move forward in their education and/or the working world.

We are here to help you face the challenge, so you can succeed!

Be Smart About Saving... Pay Yourself First and Keep it Going!

The Smart Start program invites you to set up financial services and systems to organize your money and also have convenient access and resources to maintain a successful membership. This would begin with a minimal \$5 deposit to a Regular Savings Account, plus No Fee Checking with debit card access, free eServices and eStatements. The beginning to your financial future starts here!
