***Meet Tony and Hope who contribute in huge ways to our success!***

**Tony Rosendaul - 5 years  
IT Director**

Tony is someone who brings an enormous amount of value to PCM Credit Union. His days consist of helping our teams with computer issues, but more than that he is the BRAIN of all things "Information Technology".

Tony grew up on a farm in Northwest Ohio and had a brother and 4 sisters. He moved to the Green Bay area in 2000, where he resides with his wife.

**Hope Schindler - 7 years  
MSR Team Lead**

Hope has been with PCM CU since 2014, and started when she was 18. She shared that her days are never the same, but primarily she helps members in the lobby, over the phone, through email, and even through our new chat area. Being a team lead, she also assists and supports her co-workers, handles various important daily responsibilities, and does a great job opening new accounts.

We are fortunate to have Tony on our leadership team. He is truly dedicated to PCMCU, and is always there for us, as staff, directors, members, and for the organization as a whole.

When we asked Tony what he likes about his job, he said, "I love being at PCM. I rarely call it work unless I have to do audits or compliance stuff...then it feels like work."

Tony is a true asset to PCMCU, and is a source of patience and calm. Thank you Tony for being YOU!

Hope grew up in Allouez and has 3 older brothers and a little sister. She and her husband bought a house in Sobieski last year. Hope shared "I am so grateful for my family and have 3 of the best dogs in the world!"

Those that know Hope say she is easy going and optimistic. She is also patient and has a good sense of humor.

When we asked Hope to share something about working in her role, she said "I get to work with awesome people while doing meaningful work!"

Hope is a true gem for all of us and brings joy to everyone she engages with.

*The average length of employment for our staff at PCMCU is 10 years and 16 years for our leadership team. Watch for more of these connections in the coming months.*
