24 or 25 months	4.07%	4.15%					
30, 36 or 48 months	4.17%	4.25%					

Truth in Savings Disclosures

Except as specifically described, the following disclosures apply to all of the accounts:

1. Rate Information

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. Super Shares, Top Ten Shares, and IRA Shares are tiered rate accounts. For these accounts, if the balance in the account is within the balance range for a particular tier, the dividend rate for that tier will apply to the entire balance in the account. Reward Savings accounts are also tiered rate accounts. For these accounts, the dividend rate for a particular tier will apply only to the portion of the account balance that is within that tier. For Super Shares and Top Ten Shares, the dividend rate and Annual Percentage Yield for the lowest tier will be the same as the dividend rate and Annual Percentage Yield for Regular Shares.

For all accounts except certificate accounts, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Board of Directors. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends.

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting.

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends.

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account, earn the stated Annual Percentage Yield, or avoid a service fee is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts, dividends are calculated using the Daily Balance method, which applies a periodic rate to the balance in the account for each day of the period. The par value of a share (required minimum balance in Share Account for Credit Union membership) is \$5.00.

6. Account Limitations

For all accounts except checking accounts, no more than six preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month. If you exceed these limitations, your account may be subject to a fee or be closed. For Top Ten Shares, withdrawals may be made within the first ten days of each calendar month. Withdrawals made from the 11th day of the month through the last day of the month will be subject to a penalty equal to 90 days dividends on the amount withdrawn at the rate in effect at the time of the withdrawal. For Christmas Club Accounts, if you make more than one withdrawal or transfer from the account on any day except October 31, we will impose a penalty of \$5.00. On October 31, all funds in the account will be transferred to your share savings or checking account (at your option), and the account will remain open.

7. Inactive Accounts

a. An account will become inactive if there have not been any transactions or contact with the credit union after one (1) year. After 1 year, an inactive letter will be sent out to the member. If the credit union receives no response from the member within 30 days, the Credit Union will begin to assess an inactive account fee of \$5 per month against all accounts which have had no activity for a 12-month period. In addition, if the credit union is unable to contact the member via lettered correspondence, the Credit Union reserves the right to change accounts to an inactive status regardless of account activity. Exceptions to the twelve-month inactivity rule exists for those needing a membership savings for credit card products, etc.

8. Certificate Account Features

a. Account Limitations.

For certificates of one year or less, after your account is opened, you may make additional deposits of not less than \$100.00 each, except that no additional deposits are permitted during the seven days before the maturity date. For certificates of more than one year, no additional deposits are permitted.

b. Maturity.

Your Certificate account will mature on the maturity date set forth on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty.

We may impose a penalty if you withdraw any of the principal of your Certificate account before the maturity date.

i. **Amount of Penalty.** The amount of the penalty is based on the account term. For account terms of one year or less, the penalty is 90 days' dividends on the amount withdrawn. For account terms of more than one year, the penalty is 180 days' dividends on the amount withdrawn.

ii. **How the Penalty Works.** The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned at the nominal rate on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.

iii. **Exceptions to Early Withdrawal Penalties.** At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment or where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals.

d. Renewal Policy.

Certificate accounts are automatically renewable. After the certificate matures, you have a grace period of 10 days in which to withdraw the funds without penalty.

e. Nontransferable/Nonnegotiable.

Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

Fee Schedule

Share Draft Services

Account Balancing & Research	\$10.00 per hour
