PCM Credit Union is federally insured by the NCUA and is an equal housing opportunity lender. All accounts and loans are subject to approval. Member eligibility required.

Since 1958, PCM Credit Union (PCMCU) has proudly served its members with a commitment to “People Caring More.” With locations in Ashwaubenon, Howard, and Marinette, PCMCU continues to grow — expanding membership in 2023 to anyone who lives or works in Brown, Door, Kewaunee, Marinette, Oconto, and Shawano counties.

Now surpassing \$500 million in assets, PCMCU has announced plans for a new Bellevue branch, set to open in 2027. “This is a significant milestone for our credit union and one that reflects our continued growth and confidence in the future. This expansion will help us better serve our existing members in that area, welcome new members to our cooperative, and thoughtfully address space needs at our main office as we continue to grow,” said President/CEO Shelly Mellenberger.

PCMCU is Wisconsin’s 22nd largest credit union out of 101. Their impact is felt locally and recognized nationally. They were voted #1 Credit Union for two consecutive years in the Community Choice Awards in both Green Bay and Marinette. They have also earned national recognition from Callahan and Associates for delivering exceptional value to their members.

While today’s consumers expect convenient digital services, PCMCU stands out by pairing modern technology with genuine human connection. PCM Credit Union takes pride in being a strong financial partner, especially when their members need extra guidance. **Caring is their Superpower!**

Besides all the personal financial products and services consumers want, they are proud to highlight:
